

**wiesner hager** concept

arta

design: arge2

***arta* marks a turning point in the design of wood chairs.**

A newly developed technology connecting the frame allows the chair legs and plinths to slant in extremely elegant lines unprecedented with wood chairs up to now. Innovative technology and well-conceived construction have paved the way for this high-class, gracious design of *arta*. The lightness of the solid wood frame is even more accentuated by the seatshell with its flexible, sprung plywood back.

*arta's* design mainly aims at combining the "harmonious" character of wood – natural, warm and comfortable – with future technological demands.

Wooden chairs in modern office architecture?

*arta* is an attractive option, especially for middle and upper management communication and recreation areas. It is extremely versatile for applications in public areas: ranging from hotel restaurants, places of worship, museums and galleries, multi-purpose areas and halls for cultural and public events.

*arta's* high standard of quality is not only reflected in its design, but also in its construction and use of materials. The construction is notable for its sturdy, long-lasting quality. The high-quality luxury upholstery perfectly supports long sitting periods. All wooden parts come from ecologically managed renewable forests (PEFC-certified wood).

# Rich in detail.

# Optional.

**Stackability.**  
Up to four chairs with or without arms.  
Suitable stacking trolley: model 6491-000.

**Elegance.**  
Newly developed technology connecting the frame allows the chair legs and plinths to slant in extremely elegant lines.

**Row seating.**  
*arta* chairs are also available as linking chairs, supplied with seat numbers on request.

6890-200 Stacking chair

Beech  
Seat shell plywood  
W 520 / D 550 / SH 450 / H 800

6891-200 Stacking chair with arms

Beech  
Seat shell plywood  
W 580 / D 550 / SH 450 / H 800

6892-200 Stacking chair

Beech  
Seat shell with laminated surface  
W 520 / D 550 / SH 450 / H 800

6893-200 Stacking chair with arms

Beech  
Seat shell with laminated surface  
W 580 / D 550 / SH 450 / H 800

6890-203 Stacking chair

Beech  
Seat shell fully upholstered  
W 520 / D 550 / SH 470 / H 800

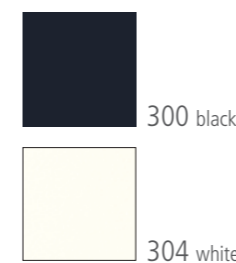

6891-203 Stacking chair with arms

Beech  
Seat shell fully upholstered  
W 580 / D 550 / SH 470 / H 800

W= width / D = depth / SH = seat height / H = total height / dimensions in mm

**arta offers interesting differentiation options:**

Frame and shell are available in various beech shades. The plywood shell is available either upholstered or with a laminated surface in black or white.

**Standard model:**

**Stacking chair 6890:**  
frame solid beech, plastic glides. Plywood seatshell in beech. Stained wood surfaces.

**Stacking chair with arms 6891:**  
frame solid beech, plastic glides. Plywood seatshell in beech. Stained wood surfaces.

**Stacking chair 6892:**  
frame solid beech, plastic glides. Stained wood surfaces. Plywood seatshell with laminated surface (edges of shell always in natural beech).

**Stacking chair with arms 6893:**  
frame solid beech, plastic glides. Stained wood surfaces. Plywood seatshell with laminated surface (edges of shell always in natural beech).
