S13

S13: Pure and Minimalist.

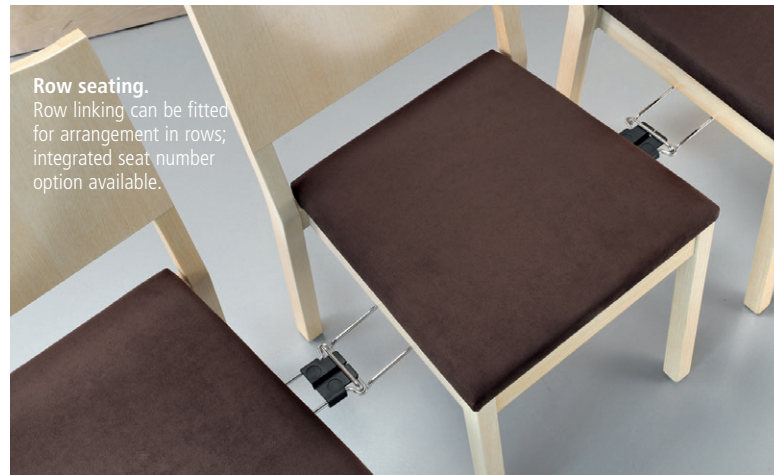

Typical of the *S13* range is the clear, simple aesthetic which takes precedence over superfluous details. Its understatement is a key feature for adaptability to different architectural concepts. Due to its versatility and different options, the *S13* range offers a broad field of application in the contract furniture area, its main use being public halls, canteens and restaurants, seminar rooms, homes for the elderly and hospitals.

Design-Co-operation: B+W
Design: Gerhard Braun

Rich in Detail.

Optional.

Row seating.
Row linking can be fitted for arrangement in rows; integrated seat number option available.

Round affair.
Special arm version for the elderly to support the user when standing up.

Comfortable width for more moving space.
S13 bariatric has been developed especially for people suffering from obesity. The ergonomic shaped seat shell and the comfortable width of the fully upholstered seat offer more moving space. It is mainly used in personal areas of retreat, eat-in kitchens, dining rooms, or function rooms of retirement homes and hospitals.

200 KG
max. capacity
tested acc. to
DIN 15373
